Consignor Authorising Signature		

Analysis Required	Tick
SRB / GHB / Sulphide	
Cooling medium analysis	
Corrosion coupon / Biostud analysis	
Pigwax analysis	
Diesel analysis	
Other Analysis, Please specify	

Please note, no results can be issued without a valid Purchase Order number

Please minimise the quantity of each sample submitted for analysis. For fuel analysis, 1L of sample is preferable, however for all other analyses 250g of sample is sufficient.

NC _____

The following details are required for each sample; please complete one sheet per sample.

Results from samples sent without the associated information will not be interpreted.

Sample point location Tag number	
Temperature of line / vessel	
Temperature at vessel inlet (if applicable).	
BS&W (Oil)	
Exposure time (for CC) or insertion date	
Surface area / weight (for CC)	
Biocide treatment : (chemical composition, rate, regime, injection point).	
Corrosion inhibitor : (chemical composition, rate, regime)	
Other details
